EDUCATION

Computer Science @ Nanyang Technological University
Singapore (Exchange Student)

2020

During my studies at Hochschule der Medien Stuttgart I enrolled for an exchange semester at Nanyang Technological University in Singapore where I'm taking Computer Science courses.

Computer Science and Media (B. Sc.) @ Hochschule der
Medien

2016 - ongoing

I'm currently enrolled in the **Computer Science and Media Bachelor of Science** program at Hochschule der Medien Stuttgart.

Media Design & Technical Documentation @ Akademie
für Kommunikation

2014 - 2016

Before studying I went to the vocational school Akademie für Kommunikation in Stuttgart and earned a degree as State Certified Technical Communication Assistant and received an Advanced Technical College Certificate. My studies there were focused on **media design**, **conceptual practices** and **technical documentation**.

WORK EXPERIENCE

Software Development Working Student
@ PricewaterhouseCoopers Germany

2019- ongoing

After my Internship at PwC I resumed my studies at HdM Stuttgart and accepted a working student position at PwC in Stuttgart where I worked on **Backend Development** using **Python**.

Data Analytics Intern @ PricewaterhouseCoopers Germany

2019

As part of my compulsory internship semester I was employed by PwC Germany as a Data Analytics intern in Berlin where I worked on **AI Quality** and **AI Research** projects using **Python**, **Tensorflow** and **Javascript**.

In addition to regular development roles I had the chance to work as **Scrum Proxy** and learn more about **project management**.

Student Tutor for Software Development @ HdM

2017 - 2018

During the second & third semester of my studies at Hochschule der Medien I had the opportunity to work in a part-time job as Software Development tutor. This job consisted of teaching freshmen students the basics of **Java** and **Object Oriented Programming**.

Freelance Social Media Coverage @ ESL

2016 - 2018

In the past few years I've done multiple social media event coverage jobs for companies like Turtle Entertainment (ESL).

Editor @ Bonjwa

2013 - 2016

For more than three years I did unpaid editorial work at the esports startup Bonjwa where I helped building an online school for multiple esports titles.

PROJECTS

Airspace Structure IOS & Android App @ Eisenschmidt (DFS)

2018-2019

I invite you to take a look at my portfolio & more projects under tobler.io
